Studebaker showed fractional improvement at 57.

Marietta common, after its sharp decline yesterday, rose one point to 28½.

**WHITING PARK
SITE EXTENDED**

SPECIAL TO THE TIMES:
WHITING, Ind., Sept. 29.—At the meeting of the city council on Monday night an ordinance was adopted extending the territory of the Whiting park as follows: By the addition of all part of lot 1 of section 6, township 27, north range of range 2, west of second P. M. lying north of right of way of the E. T. & E. railroad, lying west of west line of White Oak avenue and east line of Sheridan avenue, including reparian rights. It is not yet known whether the stretch of ground will be required by condemnation or purchase.

**WINS SUIT AGAINST
PUBLIC UTILITY CO.**

CROWN POINT, Ind., Sept. 29—The Gary Heat, Light & Water company, was in the wrong in the case of Christ vs. Gary Heat, Light & Water company last week and condemned on Monday. They found for what did not give him any damages. He sued for \$5,000.

The jury decided that the Gary company had no right to shut off Christ's gas after they had accepted payment for the current month. They claimed he owed them \$8.60 by sending him a bill which he refused to pay. Christ runs a barber shop on Washington street, Gary.

**IRISH TOWN
SWEEP BY FIRE**

DUBLIN, Sept. 29.—The town of Malton, in County Cork, was swept by fire early today, the torch being applied in reprisal for an attack upon the police barracks. Mills were set on fire, simultaneously in various parts of the town and the fire brigades could not turn out on account of the curfew orders.

Fifty houses and factories were burned. More than half of the population fled. The refugees charged that there had been police and soldiers in the town before it was set on fire.

There is no better family medicine in the world today than one equal the power and gives such grand results in regulating the bowels, stimulating the liver, flushing and cleansing the kidneys, sweetening the stomach or aiding and enriching the blood—than

BULGARIAN BLOOD TEA

Those who suffer with stomach, liver, kidney, rheumatism or blood troubles will find Bulgarian Blood Tea the best medicine to relieve and correct these diseases. It is wonderful how quick you will begin to pick up and be your old-time self again.

During the 1918-19-20 influenza epidemic Bulgarian Blood Tea was used by countless thousands of sufferers with marvelous success and millions of people took it steaming hot to prevent and ward off the disease.

As a general first aid family medicine it has no equal and every person should have a box constantly on hand for any emergency—to kill colds, allay fevers and guard against influenza, pneumonia or other serious sickness. And all mothers and fathers of families should apply at once to their druggist or grocer for a trial box of Bulgarian Blood Tea.

**A Woman Likes To Be Admired,
No Matter How Old She May Be**

Nature undoubtedly made woman to be admired, and man to admire her. No woman ever gets so old that she doesn't want admiration, and no man ever gets beyond admiring her. Good looks in woman do not depend upon age, but upon health. A woman's health depends more upon the distinctly feminine organism than upon anything else. Between that organism and her beauty there is the closest connection. You never see a good-looking woman who is weak, run-down, irritable, out of sorts, fidgety and nervous. Headaches, backaches, dragging-down pains, irregularities and troubles of that sort are all destroyers of beauty. Men do not admire sickness.

It is within the reach of every woman to be well, healthy and strong if she will take Dr. Pierce's Favorite Prescription. It is the safest woman's tonic because it is made entirely of roots and herbs, without alcohol. (Ingredients on label.) It is 50 years old, and its age testifies to its goodness. A medicine that has made sick women well for half a century is surely good to take. Women from every part of America testify to its merits.

Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package and confidential medical advice, or booklet.

Here's Doug With His National

Douglas Fairbanks is the owner of a number of cars, but just before he left for the east he bought one of the new National Sextets and declares it is the easiest handling car he ever drove.

He is considered one of the most enthusiastic motor fans in the country, having a string of America's highest

priced cars, as well as the best that young roads, and sunsetting the car to very condition he could think of.

The Sextet was chosen by Mr. Fairbanks in competition with a number of the best cars in the United States. He tried out the car from everywhere before buying—pushing it over hills and of the tallest grades, racing it through

**COX SAYS HARDING
HAS NO SUBSTITUTE**

EN ROUTE WITH GOV. COX, ST. JOSEPH, Mo., Sept. 29.—Continuing his denunciation of Senator Harding's failure to offer "a definite plan in substitution for the league of nations," Gov. James M. Cox, in a speech here today asserted that the spirits of ten million men who died in the great war will mount the statesman who in the critical hour has nothing better to suggest than to go back and do it all over again.

"Senator Harding," the governor said, "has no definite plan to offer because he does not dare suggest to the masters of America, the only alternative there is, namely a return to international normalcy of 1911, with autocratic monarchs and sudden ultimatums and secret diplomacy and belligerent armaments."

All other plans, the governor said, had been tried and failed. Because Senator Harding knows this, Cox declared, he has better judgment than to suggest other plans now.

City houses and factories were burned. More than half of the population fled. The refugees charged that there had been police and soldiers in the town before it was set on fire.

FIRES PARK BOARD**

and compels caution in adding to the burden of the taxpayer.

"That my objection and position was not taken in the budget made by the Park Board calling for over one hundred thousand dollars for maintenance of parks and playgrounds next year, nearly one third of which, at least, directly or indirectly, is chargeable to the increased responsibility caused by the creation of an extended boundaries of

them in poor condition and unfit for use, of a limited number of proposed streets as boulevards, but reasonable caution should be used and was urged by me upon the members of the board."

"Second. The said members of the Park Board have by their acts interfered with the authority of other boards of the city, thereby creating friction in the administration to the detriment of the best interest of the city."

"Third. The above named members of the Park Board by their action in establishing an extended boulevard system have shown by the laying out of at least a portion of said system that they were attempting to retard the development of one of the largest and most substantial industries in the city."

"This is an industrial city, by location and natural and artificial advantages it can not be otherwise, and every reasonable demand and requirement of our industries should be granted, with due regard for the welfare of our citizens. Unfortunately situated and poorly laid out for residential purposes, we can not claim to be a 'residence city' in the sense that it is a desirable place for a home unless the resident is in some manner interested in and sustained by our industrial life. This must we can expect in a place to live with all the conveniences and luxuries possible, yet with all the disadvantages of an industrial city. Those who are not dependent on the industrial life of the city, taxes, increased taxation development, should go elsewhere."

Parks, playgrounds and buildings would be worsened in this city unless we have the pay check to support our citizens so they may enjoy the improvements and luxuries.

"Fourth. The members of the Park Board in asking for a budget in excess of one hundred and fifty thousand
